

## **Academic Writing Help Centre (AWHC)**

The AWHC helps students to develop writing strategies and skills that will enable them to identify and correct their own mistakes.

You can make up to four appointments of 45 minutes per week to discuss:

- **plagiarism and references**
- **writing techniques (establishing the thesis, brainstorming ideas, making an outline, etc.)**
- **the structure of a paper**
- **grammar**

Please note that writing advisors do not correct, edit or proofread papers.
